	NTM BFN_STR_CST_NOT_0002 Confirmation of Floating LiDAR Buoy Removal	Date	14 April 2025
		Revision	1

Notice to Mariners

Stromar Offshore Wind Farm

A Floating LiDAR buoy was deployed in September 2023 at the Stromar Offshore Wind Farm.

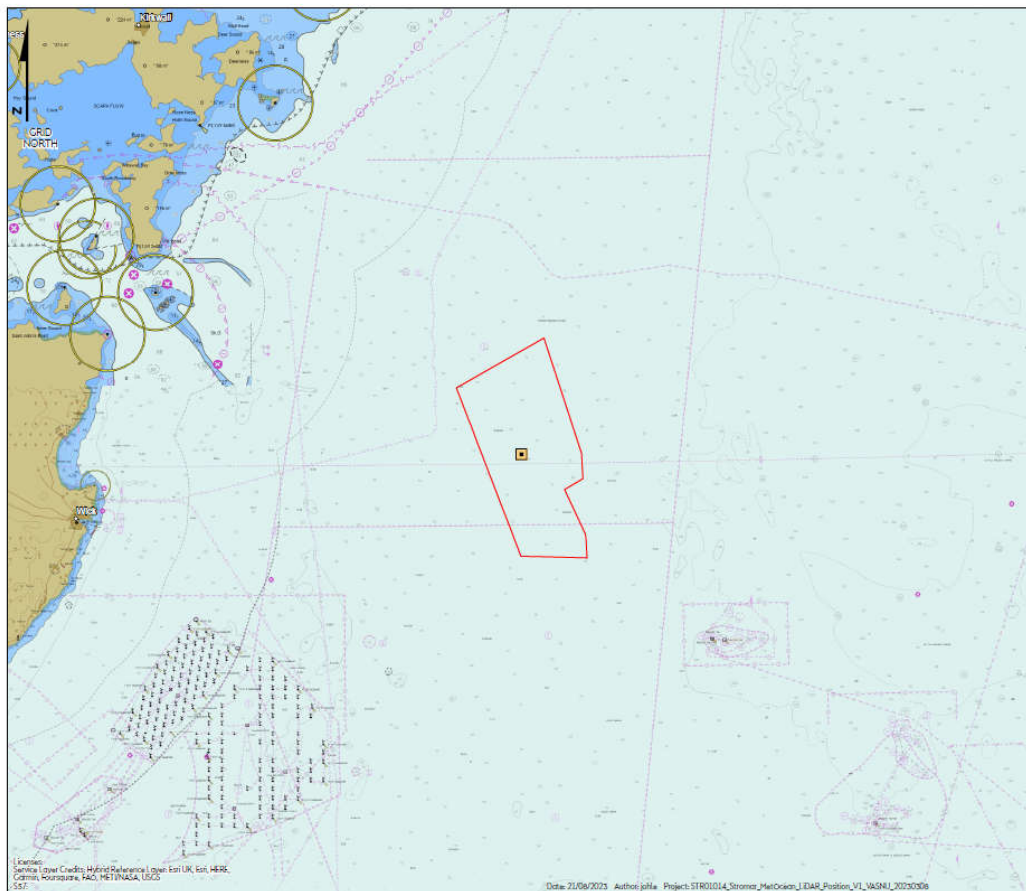

This NtM confirms that the Floating LiDAR has now been removed.

The coordinates and location of the (now removed) Floating LiDAR are presented below for reference.

Table 1: Stromar FLIDAR Coordinates (Now Removed)

FLS200 Unit	LAT:	LONG:	Depth (m)
E38	58° 30' 38.808" N	02° 09' 42.6636" W	76
	58° 30.6468' N	02° 09.711060' W	
	58.51078°	02.161851° W
